

The Newport Innovation Hub is a bold new idea for social, economic and environmental well-being of the City of Newport.

More than an office park, the Innovation Hub will bring together government, research, educational and private investment partners.

The development of the Innovation Hub will bring about improvements in transportation, permanent year round employment and other benefits for all.

The Innovation Hub may focus on global resiliency issues, like the way coastal communities may prosper, and prepare for ocean-related climate change.

The Navy, Chamber of Commerce, RIDOT, RI Turnpike and Bridge Authority, Statewide Planning and the North End Committee were early planning partners. New levels of public engagement are planned.

Project updates will be posted on the City of Newport website at: [cityofnewport.com](http://cityofnewport.com)  
And on Facebook at: [facebook.com/CityofNewportRI](https://facebook.com/CityofNewportRI)
