

THE CITY OF NEWPORT, RHODE ISLAND – AMERICA'S FIRST RESORT  
Department of Planning & Development

September 25, 2024

Sent Via Email: [jparks@apslaw.com](mailto:jparks@apslaw.com)

Dear Applicant,

Please be advised that your Zoning application, for 624-626 Thames Street, has been deemed complete, as of September 25, 2024. The following legal description has been prepared, and will be sent to the Newport Daily News for publication on November 8, 2024 to comply with State law. Additionally, letters describing your application will be mailed by our office to all abutting property owners within 200 feet of your property. The legal description of your application is as follows:

***App #2024-Nov-004 PETITION OF 424 & 624 THAMES, LLC, applicant and owner, 624-626 Thames Street, TAP 35, Lot 123 (LB Zone), for a special use permit and dimensional variances to convert two dwelling units into two guest house units containing a total of five (5) bedrooms, without providing additional parking (2 additional spaces required), requiring reversing into the right-of-way (no maneuvering onto the public right-of-way permitted).***

Said petition will appear on the Zoning Board of Review agenda for the next public hearing, to be held on **November 25, 2024**. Please note that this item will first appear on the agenda noted above, and will be scheduled to be considered at that hearing if it is determined that your item is a “Summary” or “Abbreviated Summary” hearing. If your application is determined to be a “Full Hearing” item, either due to the scope of the project, or if any objections are received once public notices are mailed, your application must await a Full Hearing behind other applications that were deemed complete prior to your application. I will be in contact with you regarding scheduling once this determination has been made.

If you have questions, please email me at [narmour@cityofnewport.com](mailto:narmour@cityofnewport.com).

Sincerely,

Nicholas Armour  
Zoning Officer

Applications that are missing materials in this checklist will not be accepted for review.

### Section 1 – Application Forms – Page 3 of the Guide Required for All Projects

- A.  Completed Zoning Project Application Packet comprised of the following individual sections:
  1.  Zoning Project Application Form
  2.  Completed copy of this Zoning Application Submittal Requirements Checklist (Page 2)
- B.  Request to Waive any Submittal Requirements (*if applicable*)
- C.  Application Fee (Please Refer to Current Fee Schedule)

### Section 2 – Plan Package – Pages 4-7 of the Guide Required for All Development Projects (Involving New Structures, Additions, Exterior Alterations, etc.) Individual requirements of the Plan Package (listed below) may differ depending on the project

- A.  Class I Site Survey
- B.  Proposed Site Plan
- C.  Lot Coverage Diagram
- D.  Floor Plans
- E.  Stormwater Management Plan
- F.  Landscape Plan
- G.  Building Elevations
- H.  Change of Use

### Section 3 – Supporting Documents, Studies, Graphics, and Depictions – Page 8 of the Guide May be required for certain Development Projects

- A.  Site Photographs
- B.  Photo Simulations
- C.  Structural Evaluation
- D.  Parking Survey
- E.  Traffic Impact Analysis

## **APPLICATION NARRATIVE – SPECIAL USE PERMIT**

### **Application by 424 & 626 Thames Street LLC to the Newport Zoning Board of Review (“ZBR”) for a Special Use Permit**

#### **Zoning District: Limited Business**

#### **I. Introduction**

On behalf of 424 & 624 Thames Street LLC (“Applicant/Owner”), we have prepared this application narrative in connection with Applicant/Owner’s request for a special use permit for the property owned by Applicant/Owner located on 624-626 Thames Street in Newport, Rhode Island, and further identified as Assessor’s Plat 35, Lot 123 (the “Property”). Situated on the Property is a multi-family building.

#### **II. Short Term Rentals at the Property**

Applicant/Owner proposes renting two (2) dwelling units as short term rentals, specifically as Guest Houses, which is a use allowed in a Limited Business District by special use permit (the “Proposed Special Use”). The Applicant/Owner will be keeping the third dwelling unit as a dwelling unit.

#### **III. Special Use Permit Requested by Applicant/Owner**

Applicant/Owner requests the following special use permit:

- Special Use Permit – Category 3: Pursuant to Chapter 17.109.020.C. which states the standard required for a Category 3 Special Permit.

#### **IV. Summary of Standards Applicable to the Project**

The Proposed Special use meets the specific and objective criteria for “Category 3” special uses provided in Section 17.109.020.C. of the Zoning Ordinance, namely that:<sup>1</sup>

1. The parking and loading standards for the proposed use, as determined under Chapter 17.104 are met.
2. The performance standards for the proposed use, as determined under Section 17.96.020 of the Zoning Ordinance, are met.
3. The development standards for the proposed use, as determined under Section 17.100.320 of the Zoning Ordinance, are met.
4. There will be no net increase in stormwater runoff from the site.
5. All proposed lighting is Dark-Sky compliant.

First, Section 17.104.020.T. states, in part, that properties used as a guest house must have “one space for each guest bedroom, once space for the manager, and one space for every three employees; all located on the same lot with the facility.” The Property has four (4) parking spaces on-site for four bedrooms but needs an additional one (1) for the manager and two (2) spaces for the dwelling unit. Therefore, Applicant/Owner is applying for a dimensional variance for relief as to the three (3) parking spaces. See Application Narrative for Regulatory Variance attached to the application.

---

<sup>1</sup> Note, certain criteria have been omitted from this list because they do not apply to the Proposed Special Use (e.g., those criteria applying to new construction and alterations).

Second, the Property will meet the performance standards provided by Section 17.96.020 with the addition of the Proposed Special Use. For example, renting the dwelling units on a short-term basis will not create dust, dirt, fly ash, smoke, spray or other emissions into the air that will endanger safety, value and enjoyment of the property as the Applicant/Owner has a manager that will be responsible for the property. No offensive odors or noxious, toxic or corrosive fumes or gases will be admitted into air and no offensive waste will be discharged into any ocean, river, stream or other body of water. In addition, no noise that is objectionable due to volume, intermittence, beat frequency or shrillness will be occurring on the property. The Applicant/Owner also intends to rent the second (2<sup>nd</sup>) floor apartment as a Guest House for only three (3) months a year during the summer months. This will help alleviate any potential noise or disruptions from short term renters year round. Applicant/Owner can make a representative available to the ZBR to answer the questions related to the Proposed Special Use and the continued conformity by the Property with the Zoning Ordinance's performance standards, in satisfaction of this criteria.

Third, the Property will continue to meet the development standards provided by Section 17.100.230 with the addition of the Proposed Special Use. Section 17.100.320 provides development standards for guest houses and states the size requirements for rooms for new construction, the design must be reviewed and approved through development plan review process, parking requirements and utility installation requirements. There will be no new construction or alterations or more than fifty (50) percent, as the dwelling units are ready in their current site plans.

Fourth, there will be no net increase in stormwater runoff from the site as a result of the introduction of the Proposed Special Use. There is no new construction proposed in connection with the Proposed Special Use and, therefore, there will be no changes to lot coverage or the previous surfaces on the Property as a result of the Proposed Special Use. No Net increase in stormwater runoff will occur because of the Proposed Special Use, in satisfaction of this criteria.

Fifth, the proposed development will not result in the reduction of the level of service (los) for roadways and intersections within two hundred (200) feet of the property lines.

Sixth, Applicant/Owner does not propose any new lighting at this time in connection with the Proposed Special Use but represents that if it does add new lighting in the future, any such lighting will be Dark Sky compliant, in satisfaction of this criteria.

## **V. Conclusion**

Applicant/Owner's proposed use of the Property for short term rentals as a Guest House requires that it apply for a special use permit for the Property. Applicant/Owner has and will provide any necessary evidence and support of its satisfaction of the Zoning Ordinance's criteria for issuance of a Category-3 special use permit, and respectfully requests that the ZBR approve of its present application.

## **APPLICATION NARRATIVE – REGULATORY VARIANCE**

### **Application by 424 & 626 Thames Street LLC to the Newport Zoning Board of Review (“ZBR”) for Regulatory Variance**

#### **Zoning District: Limited Business**

##### **I. Introduction**

On behalf of 424 & 624 Thames Street LLC (“Applicant/Owner”), we have prepared this application narrative in connection with Applicant/Owner’s request for a special use permit for the property owned by Applicant/Owner located on 624-626 Thames Street in Newport, Rhode Island, and further identified as Assessor’s Plat 35, Lot 123 (the “Property”). Situated on the Property is a multi-family building.

##### **II. Proposed Use of the Property and Relief Requested**

Applicant/Owner proposes renting two (2) dwelling units as short term rentals, specifically as Guest Houses, which is a use allowed in a Limited Business District by special use permit (the “Proposed Special Use”) and keeping the third dwelling unit as a dwelling unit.

Applicant/Owner seeks zoning relief from the parking requirements City of Newport Zoning Ordinance (the “Zoning Ordinance”) to carry out the Proposed Special Use. Pursuant to the parking space standards in Chapter 17.104.020 of the Zoning Ordinance, Guest Houses require one space for each guest bedroom, one space for the manager, and one space for every three employees; all located on the same lot with the facility, as well as certain parking space standards. Additionally, there must be two (2) parking spaces for the dwelling unit.

The Property currently utilizes four (4) parking spaces on the Property, three (3) behind the Property and one (1) to the side of the Property. Applicant/Owner intends to rent two (2) Guest Houses, each with two (2) bedrooms, for a total (4) bedrooms. Applicant/Owner intends to rent the second floor Guest House as a short term rental for only three (3) months out of the year. The Zoning Ordinance also requires one (1) parking space for the manager, and two (2) parking spaces for the dwelling unit, for a total of seven (7) parking spaces required on the Premises. Applicant/Owner, therefore, requires relief as to three (3) parking spaces and is seeking an arrangement for nearby off-site parking.

##### **III. Grounds for Dimensional Variance**

The relief requested meets the standards set forth in Chapter 17.108.020.C. of the Zoning Ordinance, namely:

1. That the hardship from which Applicant seeks relief is due to the unique characteristics of the subject land or structure and not to the general characteristics of the surrounding area; and is not due to a physical or economic disability of Applicant, excepting those physical disabilities addressed in RIGL § 45-24-30(a)(16).
2. That the hardship is not the result of any prior action of Applicant.
3. That the granting of the requested variance will not alter the general character of the surrounding area or impair the intent or purpose of the Zoning Ordinance or the comprehensive plan upon which the ordinance is based; and
  - b. In granting a dimensional variance, that the hardship suffered by the owner of the subject property if the dimensional variance is not granted amounts to more than a mere inconvenience meaning that relief sought is minimal to a reasonable enjoyment

of the permitted use to which the property is proposed to be devoted. The fact that a use may be more profitable or that a structure may be more valuable after the relief is granted shall not be grounds for relief. The zoning board of review, or planning board where unified development review is enabled shall have the power to grant dimensional variances where the use is permitted by a special use permit.

First, the hardship which the Applicant/Owner seeks is due to the unique characteristics of the Premises and the Property, and not the general characteristics of the surrounding area. The parcel contains only 2,793 sq. ft. and the current building covers only 49 percent of the lot. Despite this, there are two (2) driveways for parking containing four (4) parking spaces to hold four (4) vehicles. Additionally, there is a large tree in the driveway containing three (3) parking spaces behind the Property that also prevents an additional spot.

Second, the hardship is not the result of any prior action of the Applicant/Owner. Given the lot coverage of the building and size of the parcel, it is impossible to provide sufficient area to provide additional parking space. In addition, it is impossible to meet the parking standards relative to driveway width, aisle width, and backing into public right of way due to these conditions.

Third, the granting of the requested variance will not alter the general character of the surrounding area or impair the intent or purpose of the Zoning Ordinance or the City of Newport Comprehensive Plan upon which the Zoning Ordinance is based. No changes are proposed to the exterior of the Property and no relief is needed but for that from the number of parking space required for Guest Houses. There will be no alterations to the Property or Premises or to the general character of the surrounding area because of the granting of the requested variance.

Finally, the hardship suffered by Applicant if the dimensional variance is not granted amounts to more than a mere inconvenience, as the relief sought that relief sought is minimal to a reasonable enjoyment of the permitted use to which the property is proposed to be devoted. Applicant/Owner intends to rent two (2) dwelling units with two (2) bedrooms each as Guest Houses, a use allowed by special permit. With the size of the lot, the building and the garage, the Property already maximizes its parking space. With the size of the lots in the surrounding neighborhood, meeting the parking space requirements can be challenging for many properties to comply while utilizing such property for a use allowed by special use permit. The required number of parking spaces impose and create a hardship that is more than a mere inconvenience to the Applicant/Owner.

#### **IV. Conclusion**

Applicant/Owner's proposed use of the Property for short term rentals as a Guest House requires that it apply for a variance for the Property. Applicant/Owner has and will provide any necessary evidence and support of its satisfaction of the Zoning Ordinance's criteria for issuance of a use variance, and respectfully requests that the ZBR approve of its present application.

Nicholas Armour  
Zoning Officer  
Newport City Hall  
43 Broadway  
Newport, RI 02840

**RE: *Zoning Application of 424 & 624 Thames Street LLC  
624-626 Thames Street – AP: 35, Lot: 123  
Application Waiver Request***

Dear Mr. Armour:

I am writing to request that the Zoning Application requirement for a Class One Survey, a formal stormwater management plan and Traffic Impact Analysis regarding the above captioned matter may be waived.

The Applicant seeks a variance to the parking requirements. There are no alterations or modifications to the site or structure associated with this petition. The property is in the Limited Business District and is a multifamily building. The proposed use of Guest House is allowed by special use permit. A parking variance is required for the use of the property as a Guest House.

For these reasons, requiring the Applicant to insure the expense of a Class One Survey, fully engineered storm water management plan and Traffic Impact Analysis as part of this Zoning Application seems burdensome considering the nature of the proposed project.

Accordingly, we believe the materials provided with the Zoning Application are sufficient and will provide the necessary information for Zoning Board consideration.

Best regards,

Joshua S. Parks, Esq.
